

### ERASMUS+

The **Erasmus+ programme** has been enabling stays abroad with the aim of studying, traineeship, teaching, continuing education and further training, as well as implementation of cooperation projects in Europe and around the world, for over 35 years.

### SALTO INCLUSION AND DIVERSITY

SALTO (Support, Advanced Learning and Training Opportunities) is a network of 11 resource centres that support implementation of the Erasmus+ and European Solidarity Corps programmes. **SALTO Inclusion and Diversity** is hosted by the **Croatian Erasmus+ agency** and is committed to making the Erasmus+ more inclusive and diverse in the field of education and training.

## ERASMUS+ OPPORTUNITIES FOR STAYS ABROAD

### ERASMUS+

Erasmus+ is the European Union's biggest programme for education, training, youth and sport. It has been offering opportunities for learning mobility and cooperation to students across Europe since 1987. As part of the Erasmus+ programme, students can study and train abroad for a period between 5 and 30 days (short-term mobilities) and 2 and 12 months (long-term mobilities). Each year over 300.000 students spend time abroad as part of the Erasmus+ programme.

### INCLUSION AND DIVERSITY

Inclusion and diversity are among key topics of the Erasmus+ programme for the period 2021-2027. In order to enable even more people to take part in the programme, there is a number of different opportunities primarily intended for students that face different barriers. The programme also offers a range of different support mechanisms and tools that help remove these barriers and bring programme opportunities closer to underrepresented and hard-to-reach groups.

### IMPRINT

This publication has been adapted from the factsheet that was originally developed by the Erasmus+ National Agency Higher Education in the DAAD. The adaptation has been undertaken by SALTO Inclusion and Diversity (Education and Training) with the explicit consent of the authors. ### Additional financial support for participants

Universities may provide additional support to participants of diverse backgrounds, including:

- students with physical, mental and health-related conditions;
- students facing socio-economic barriers;
- students with children;
- students who work;
- students from study fields underrepresented in mobility etc.

If you are a participant with fewer opportunities, you may be eligible for additional financial assistance (inclusion support and top-up) to support your supplementary costs for:

- adapted accommodation;
- travel assistance;
- medical attendance;
- supportive equipment;
- adaption of learning material
- accompanying person etc.

Your university and its partners can also plan preparatory visits to help make all the necessary mobility arrangements, with additional funding available to cover the expenses. For more information on financing rules, please consult the Erasmus+ Programme Guide or contact the International Relation Office or the Erasmus+ Coordinator at your home university.

### NEW OPPORTUNITIES FOR INTERNATIONAL EXPERIENCE

Erasmus+ also offers students the opportunity to combine short physical stays abroad with virtual mobility in their home country (blended mobility). This is primarily intended for participants who, due to individual circumstances, are unable to stay abroad longer. Additionally, under Blended Intensive Programmes (BIPs), students can explore new and creative opportunities for international cooperation in education through jointly designed online and onsite courses. For full eligibility criteria and more info on how to apply, please refer to the Erasmus+ Programme Guide or contact the International Relation Office or the Erasmus+ Coordinator at your university.
